

Pool Rules

Parents/Guardians are responsible for the supervision of children. Lifeguards are responsible for ensuring the safety of the patrons by preventing and responding to emergencies. Pool Management reserves the right to implement and enforce rules other than those posted to ensure the safety of all patrons.

1. Current season pool pass holders must be in possession of their pool pass at time of entry.
2. Children under the age of 10 will not be admitted to enter unless accompanied by someone 16 years or older at all times who will bear responsibility.
3. Non-swimmers must have a chaperone 18 years or older within arms-reach at all times.
4. The pool capacity is 600. When the capacity is met, patrons will be allowed to enter on a first-come, first-serve basis dependent upon patrons exiting the facility.
5. The Kiddie Pool is for children 0-4 years of age accompanied by an adult.
6. Everyone entering the facility must have proof of paid admission or season pass. Swimsuits are required to enter the water. All additional clothing must be clean and may require manager approval. Leotards, jeans, cut offs, shorts or street clothes are not permitted in the pool. Those not in swimming attire that wish to remain in the facility must remove street shoes and may be restricted to designated area(s) within the facility.
7. Children 6 years of age and older must use gender specific locker rooms.
8. Food, beverages, chairs, coolers, and alcohol are not to be brought into the facility. Chewing gum is not permitted.
9. A concession stand is available; food and beverages are confined to this area only.
10. Smoking is prohibited.
11. Strollers are not allowed in the locker rooms or on the pool deck during open swim or swimming lessons. Baby carriers or car seats are acceptable.
12. Admission to the pool shall be refused to all persons having any contagious disease and/or infectious conditions such as colds, fever, ringworm, foot infections, skin lesions, boils, diarrhea, vomiting, inflamed eyes, ear discharges; or any other condition that has the appearance of being infectious. In addition, CDC requirements state that patrons should wait to swim at least 24 hours after last loose stool to avoid the spread of RWI's (Recreational Water Illnesses).
13. Any child who is not toilet trained MUST be wearing secure fitting plastic or rubber swim pants. Disposable swim diapers are acceptable, but must also be covered by tight fitting plastic or rubber swim pants. Swim pants are available to purchase at the pool office. Staff will diligently check children for proper coverage and prevent those toddlers without plastic pants from entering the water. Any child who is not toilet trained must be changed in the restrooms and diapers must be disposed of in the proper containers.
14. The number one way to prevent the spread of bacteria in a public facility is frequent showers with soap and frequent washroom facility usage. Therefore, all patrons are required to shower prior to exiting the locker rooms and are asked to take regular washroom breaks during their visit.
15. For your safety, please do not ingest pool water and advise your children to do the same.
16. The use of cell phones and all other visual image recording devices are prohibited in the locker rooms. Violations of this ordinance carry fines up to \$1,000.00.
17. Chairs are available for anyone 16 and over. To allow chairs for as many patrons as possible please take one per person. Chairs may not be placed at the edge of the pool for safety reasons.
18. Refunds are not issued for closings due to weather situations. Future openings that day will be weather dependent.
19. Running, shoulder riding, splash dives, and excessive horseplay are strictly prohibited.
20. **Float suits, water wings, toys, inner tubes, diving disks and sticks, balls, scuba/skin gear and all additional Personal Flotation Devices (PFD's) are not allowed in the pool without special requirements and permission from the pool administration. Only Coast Guard approved PFD's will be allowed. Designated float nights are the exception.**
21. Vandalism, abusive language, infraction of rules, passing of ID's, etc. can lead to expulsion from the pool and loss of privileges.
22. To ride the water slide, patrons must be 48" tall and able to swim one width of the pool unassisted. Only one rider is allowed in the flume at a time. Children are not allowed to ride with a parent or linked with other children in "chains".
23. Water slide riders must travel feet first in a sitting or laying position on their back. Stopping, standing, or turning around in the slide is prohibited.
24. Flotation devices, swimwear with exposed zippers, buckles, rivets, or metal ornamentation, goggles, chains, glasses, earrings, etc. are prohibited on the water slide.
25. The pool has one diving board. Parents are not allowed to assist their child on the board, nor are children allowed to wear floatation devices when going off the diving board.
26. Lap lanes are reserved for adults only, unless stated otherwise by management. Lap swimmers are expected to circle swim to the right when there are more than two swimmers present.
27. If a bacteriological incident occurs, the pool will be closed for the minimum of 3-hours and the maximum of 24-hours to ensure adequate sanitation of the facility.
28. The public address system is only for official use. Absolutely no paging.
29. **Unscheduled pool closings:** ► Air temperature falls below 70 degrees ► Lightening or thunder in the area ► Daily hours may be adjusted and/or sections of the facility closed due to staff availability ► Maintenance.
30. Whenever additional rules or regulations are deemed advisable for the protection of the health and safety of the patrons, management shall put into effect such rules, either printed or verbal. Exceptions to the rules are only allowed with permission from management.
